UX/UI Designer — Product Designer

An experienced professional in user research, UX strategy, UI design, interactive prototyping, usability testing, end-to-end experience design, and design systems, with hands-on expertise in tools such as Figma, Adobe XD, and iterative user-centered workflows. Seeking an innovative and challenging UX/UI and product design environment where I can apply user-centered design principles, translate complex requirements into intuitive digital experiences, collaborate with cross-functional teams, and deliver high-quality, mission-driven solutions with a strong focus on usability, safety, and performance.

SKILLS

UX & Product Design Methods: User Research, User Interviews, Surveys, Personas, Journey Mapping, System Mapping, Information Architecture, Wireframing (Low to High Fidelity), Interactive Prototyping, Usability Testing, Heuristic Evaluation, A/B Testing (Basics), Scenario-Based Design, Task Flow Design, Human-Centered Design, Service Design, UX Strategy

Tools and Technologies: Figma, Adobe XD, Sketch, Adobe Photoshop, Adobe Illustrator, InVision, Miro, FigJam, Framer, Webflow, Component Libraries, Accessibility Tools (WCAG checkers), Usability Testing Platforms

Languages: HTML, CSS, JavaScript (Foundational), Basic PHP (familiarity for design handoff and prototyping), MySQL

Other Core Skills: Strong attention to detail, Excellent written and verbal communication, Problem-solving mindset, User advocacy, Ability to translate complex systems into intuitive interfaces, Time management, Iterative design approach, Adaptability in fast-paced environments, Experience working independently and within multidisciplinary teams

RELEVANT EXPERIENCE

Social Media Manager

May 2026 – Present

Escape Bicycle Tours and Rentals – Ottawa, Canada

- Design, plan, and schedule visual content across social platforms, keeping tone and identity consistent with the brand.
- Take campaign concepts from idea to final asset – sketching direction, building mood boards, and producing finished creative in Adobe Photoshop and Illustrator.
- Design promotional and seasonal campaign assets, translating marketing goals into visual concepts.
- Direct and edit on-site photography and short-form video to build out the brand's visual library and keep content on-brand.
- Update website layout and content to keep the visitor-facing brand experience current and on-brand.
- Design and distribute email newsletters, applying consistent visual hierarchy and brand voice.
- Collaborate with the team to plan and execute seasonal campaigns and special events.

UX Researcher

September 2024 – April 2025

City of Ottawa — Human-Centred Design Lab – Ottawa, Canada

Led end-to-end user research and service design engaging 100+ participants, identifying key barriers to youth recreation engagement and translating community insights into actionable UX strategies and inclusive digital solutions that improved accessibility and participation.

Accomplishments:

- Conducted 15+ in-depth user interviews, 100+ survey responses, and multiple field observations to identify barriers.
- Analyzed qualitative & quantitative data using human-centered design methods, improving problem clarity by 40%+.
- Developed 4+ personas, journey maps, and system maps to visualize user experiences.
- Planned and provided a digital engagement toolkit for community stakeholders.
- Presented insights to City of Ottawa teams and partners to support program improvements.

UX Research & Design Intern

May 2023 – July 2023

E-infochips – Gujarat, India

Supported UX design improvements by conducting 20+ usability tests, contextual inquiries, and UX audits, translating user feedback into intuitive interface solutions aligned with human-centered design principles.

Accomplishments:

- Conducted 20+ usability tests and UX audits to evaluate digital platform experiences.
- Identified key navigation and interaction issues, improving usability and task efficiency.
- Collaborated with cross-functional teams across product, engineering, and design.
- Produced UX reports and stakeholder presentations to inform design decisions.

OTHER EXPERIENCE

Personal Shopper (Part-Time) February 2026 – April 2026

Real Canadian Superstore – Loblaws, Ottawa, Canada

- Selected and fulfilled online grocery orders within tight time windows while maintaining quality and freshness standards.
- Provided efficient, customer-focused service in a fast-paced retail environment.
- Managed multiple simultaneous orders with consistent accuracy and attention to detail.

Customer Service Associate June 2025 – December 2025

Escape Bicycle Tours and Rentals – Ottawa, Canada

Delivered high-quality customer service in a fast-paced rental environment, assisting 50+ customers daily while ensuring efficient operations, safety compliance, and positive customer experiences.

Accomplishments:

- Assisted 50+ customers per shift with rentals, inquiries, and issue resolution.
- Maintained organized displays and inventory, improving operational efficiency.
- Followed health and safety standards to ensure safe equipment use.
- Performed efficiently during high-traffic peak hours.

Committee Member – Social & Cultural Committee November 2022 – February 2024

Pandit Deendayal Energy University – Gujarat, India

Supported the planning and execution of 10+ campus-wide cultural events and workshops, engaging 500+ students while strengthening collaboration, leadership, and communication skills.

Accomplishments:

- Coordinated 10+ large-scale events and workshops for student communities.
- Worked together with multidisciplinary teams to deliver successful initiatives.
- Hosted events and led public speaking sessions for diverse audiences.
